

The method of Garbage Disposal ごみの出し方

Be sure to follow these Three Methods

Put garbage in the designated garbage bag
For burnable garbage and non-burnable garbage

Garbage that isn't in the designated bag cannot be collected.

Please separate Burnable garbage and Non-burnable garbage and so with Recyclable garbage.

Non-segregated garbage cannot be collected

Put out the garbage by 8:30 in the morning of the designated day

Leaving the garbage out the day before may result in animals getting into it and creating a mess.

Toki City 2024 Garbage Collection Calendar 土岐市2024年度収集カレンダー
 ●Please check the collection calendar distributed by Toki city or the city website about garbage collection days.

How to use the Garbage calendar

- The colored boxes indicate the scheduled disposal days for different types of garbage: red for burnable waste, blue for non-burnable waste, and green for recyclables.
- Ensure to verify the date and location of your garbage disposal station in your vicinity because they may differ.
- ※You can obtain a free calendar from Toki City Hall.

Burnable Garbage

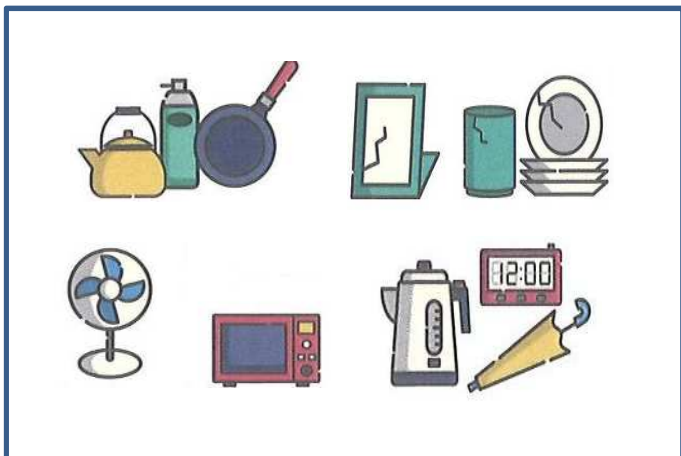

Non-Burnable Garbage

Recyclables

- Please drain the food scraps well.
- Cut wooden products to a length of 1 meter and thickness of 10 centimeters or less.
- Wash and Dispose food trays at the designated collection points at the store or the local government office.
- Cardboard, newspapers, magazines, and other paper waste should be separated as recyclables.

- Make sure to completely empty up the contents of spray cans, gas canisters, lighters, etc before disposing.
- No need to puncture holes in them.
- Please dispose of hazardous items such as glass, razor blades, and knives in a safe manner.
- Remove the fabric and vinyl from umbrellas (burnable garbage) and dispose of the frame separately (non-burnable garbage).
- ※don't mix any food container, please put it in recyclables.

- Bottles and cans: Please remove the caps, rinse inside with water before disposing.
- Returnable bottles: Please return them to the store whenever possible.
- Tie up paper items by type.
- There's no need to crush or taking off the label.

Recyclables 資源物

Plastic bottles for Soft drinks, Alcoholic beverages, seasoning with PET mark

Confirm this mark!

Canned Goods

Cans for juice, beer or canned foods

Lids of alcoholic beverages and condiments, other plastic bottles, dirty containers, oil and detergent containers, etc. should be disposed of as "burnable garbage".

Oil cans such as engine oil, spray cans, dirty cans and rusty cans should be put out as "non-burnable garbage".
If the can lid is attached to the can, it can be disposed of as recyclables.

The lid removed from the can is dangerous, so please dispose of it as non-burnable garbage.

Bottles

Beer bottles, 1.8liter bottles, juice bottles drink bottles, liquor bottles, condiment bottles, etc.

Please return "beer bottles", "1.8 liter bottles" and "juice bottles" to the shop as much as possible.
Please sort all the glass bottle and glass container according with their colors and shapes.,

Oversized garbage 粗大ごみ

Large garbage made of burnable materials (wood, plastic, cloth, etc.) should be taken apart and disposed of as "burnable trash" or bring directly to the Toki Kankyo Center.

Please purchase one sticker per oversized garbage at a convenience store or supermarket in Toki city.

Oversized garbage stickers ¥500 .

For oversize garbage take out the clothing, food, fuel etc. It must be empty before disposing. Kerosene stove may catch fire and explode so make sure to empty it before disposing. Kerosene cannot be collected by the city so please ask the specialist about the right disposal.
