

# TOKI CITY PRICE INCREASE COUNTERMEASURES SUPPORT PROJECT

We will distribute gift cards to all citizens living at Toki City.

As a way to support citizens in the face of rising prices, and especially to provide broad support for the increased cost of food, we will distribute Visa gift cards worth 10,000 yen per person.

Distribution is scheduled for around mid-May 2026.

We will announce the details in the Tokiko public relations materials and on our website once they are finalized.

(This project will be implemented using the national government's Special Grant for Regional Revitalization, which provides priority support for responding to rising prices.)

## Information on How to Use the Gift Card

- This gift card can be used at stores and online shops that display the Visa logo.
- How to use at stores: Please sign the signature panel on the back side.
- Please check your balance before use. Please refer to the instructions below for how to check your balance.
- At the store register, please say: 'I would like to pay in one-time payment with a Visa card. This card does not have an IC chip.'

## Tips for using up a small remaining balance effectively

1. You can use it for purchases with a specified price on flea market sites and similar platforms.
2. Use points together when making a payment

## Stores and services where this card cannot be used:

- PAYMENTS FOR MONTHLY OR RECURRING SUBSCRIPTION FEES
- PAYMENTS FOR PURCHASING OR CHARGING PREPAID ELECTRONIC MONEY AND SIMILAR SERVICES
- EXPRESSWAY TOLL PAYMENTS (PAID TOLL GATES)
